SHOWN: AZEK TRIM, MOULDING, VINTAGE MAHOGANY DECKING, PREMIER RAIL

At AZEK®, we engineer the best high-performance building materials available. Our commitment to technology and materials science innovation is at the heart of our brand, and our dedication to inspiring design and style are why the best dressed homes wear AZEK.

AZEK®—The Leader in Premium Decking

THE POWER OF SCIENCE AND TECHNOLOGY MAKES LIFE BETTER.

We believe both should be leveraged to add strength, low-maintenance beauty, and value to your home. That's why we invest heavily in materials science research and development. Our polymer engineers have masterminded game-changing materials and continue to create the most lasting building products on the market.

AT THE INTERSECTION OF SCIENCE AND STYLE.

We believe trust is built with quality products. Transform our high-performance materials into exquisitely crafted works of art, giving you the home you've always dreamt of. Our attention to beauty and detail is evidenced in our collection of inspired products, colors, and style options.

CREATING PREMIUM PRODUCTS MEANS CREATING LASTING PRODUCTS.

We believe in providing homeowners with the best building products on the market. Our capped polymer and PVC performance materials resist scratches, stains, mold, and mildew. We believe an investment in your home should last, so we back your deck with an industry-leading 30-year limited fade and stain and a limited lifetime warranty.

STANDS UP TO HARSH WEATHER

RESISTS MOLD, MILDEW, & MOISTURE DAMAGE

RESISTS STAINS, SCRATCHES, & FADING

NO ANNUAL SEALING & STAINING

QUICK & EASY INSTALLATION

SUPERIOR HEAT DISSIPATION

A HISTORY OF QUALITY AND INNOVATION

AZEK® Decking is part of AZEK Building Products' offering of premier exterior building products. With more than 30 years of manufacturing experience, AZEK Building Products' industry leadership and knowledge is unparalleled. You can be confident when you select an AZEK product, you're selecting the best high-performance building materials on the market.

AZEK Building Products

Choose materials that last

When you're investing in your home, be sure to select the material that's right for you.

PRESSURE TREATED WOOD

Although traditional lumber still attracts many home owners, the appeal often fades as quickly as the wood does. Without frequent and necessary maintenance, pressure treated wood decks can splinter, warp, or cup—and this can happen within the first few years. In the long run, wood decks can become an expensive and time-consuming addition to a home.

CAPPED WOOD COMPOSITE

Made of plastic and wood fibers and coated with a composite cap, this decking is more resistant to the elements than traditional wood and eliminates annual sealing & staining. Capped wood composites like TimberTech, that are constructed with integrity, provide durability, mold and mildew resistance and a splinter-free surface.

CAPPED POLYMER: AZEK

With an enhanced real-wood look and strength backed by Alloy Armour Technology™, AZEK's capped polymer decking materials are top of the line in quality and beauty. AZEK's teams of engineers and designers have developed high-performance decking materials that withstand the test of time and nature with unparalleled beauty. With AZEK, you'll be able to forget the drudgery of staining your deck.

MORE ON ALLOY ARMOUR TECHNOLOGY

Alloy Armour Technology (AAT) is a proprietary alloy blend capping that provides improved performance characteristics, such as outstanding weather protection, UV protection, resistance to scratching, and improved fade resistance. Rigorously tested, AAT allows AZEK to confidently provide an industry-best 30-year limited fade and stain warranty.

*The deck applications depicted in this brochure are for display purposes only and not for the purpose of validating the suitability, warrantability, or safety of any particular installation or application of the product. Always consult AZEK's Installation Instructions as well as local building codes to ensure proper installation.

AZEK® DECK TRANSFORMATIONS

AFTER

BEFORE

Rooftop revamp

AZEK® Deck was chosen as the perfect solution to renovate this California condo rooftop. Replacing the rotten wooden deck, AZEK Deck's Vintage Collection® was selected because it resists fading, is lightweight, and has a Class "A" flame spread index. This beautiful space now provides residents a gorgeous skyline view with years of enjoyment.

Vintage Collection

AFTER

Seaside strong

A beautiful deck overlooking the Pacific was this homeowner's dream. When their first deck failed after only 8 years, AZEK® Deck in Mahogany was chosen for the rebuild. Backed by a 30 year fade and stain warranty, and protected by Alloy Armour Technology, this AZEK Vintage Collection® deck will stand up to the seaside elements.

Collection details

With the AZEK® Deck Vintage Collection®, the sophistication of high-end hardwood flooring meets the resilient beauty of performance materials. Rich colors, dramatic streaking, and slight board-to-board variations give AZEK's Vintage Collection the timeless aesthetic of traditional wood with added durability.

The Vintage Collection was preferred 3 to 1 in consumer testing compared to other non-wood decking. The Vintage Collection has been tested to meet the criteria of a class "A" on the flame spread index.

Collection details

The AZEK® Deck Arbor Collection® resembles the elegant simplicity of exotic wood, with the scratch and stain resistance of highly engineered materials. With the widest range of warm, earthy tones, this collection's unique color variations within each board are designed to emulate the natural streaking of tropical hardwoods.

Unlike wood, AZEK's Arbor Collection doesn't require staining or sealing for protection. All options install easily with hidden fasteners to provide a fastener-free surface with no more nail pops or unsightly raised boards. And, all colors resist moisture and insect damage.

Collection details

The Harvest Collection® marries a soft, calming palette with high-performance materials to create an outdoor living space that is both classic and enduring. This collection's variety of easily complemented shades matches the most popular exterior colors, giving you a beautiful and balanced addition to your home that lasts.

Known for exceptional stain, scratch, and split resistance, the Harvest Collection offers a decking that stands up to life and nearly anything you can spill on it. It also resists damage from mold and mildew, moisture, and insects, making AZEK® Deck even easier to enjoy.

PICTURE YOUR PERFECT PORCH

With the promise of quality and lasting beauty backed by the AZEK® name, an AZEK Porch is your connection to the world. Traditional narrow board profiles, detailed graining, and high-end color options give you a warm and inviting welcome home every day.

AZEK® Porch details

Come home to the charm of a traditional porch with the lasting beauty of high-performance materials. AZEK Porch's narrow board profile, smooth surface, and interlocking tongue-and-groove connection offers a timeless look that ensures your home makes a great first impression every time.

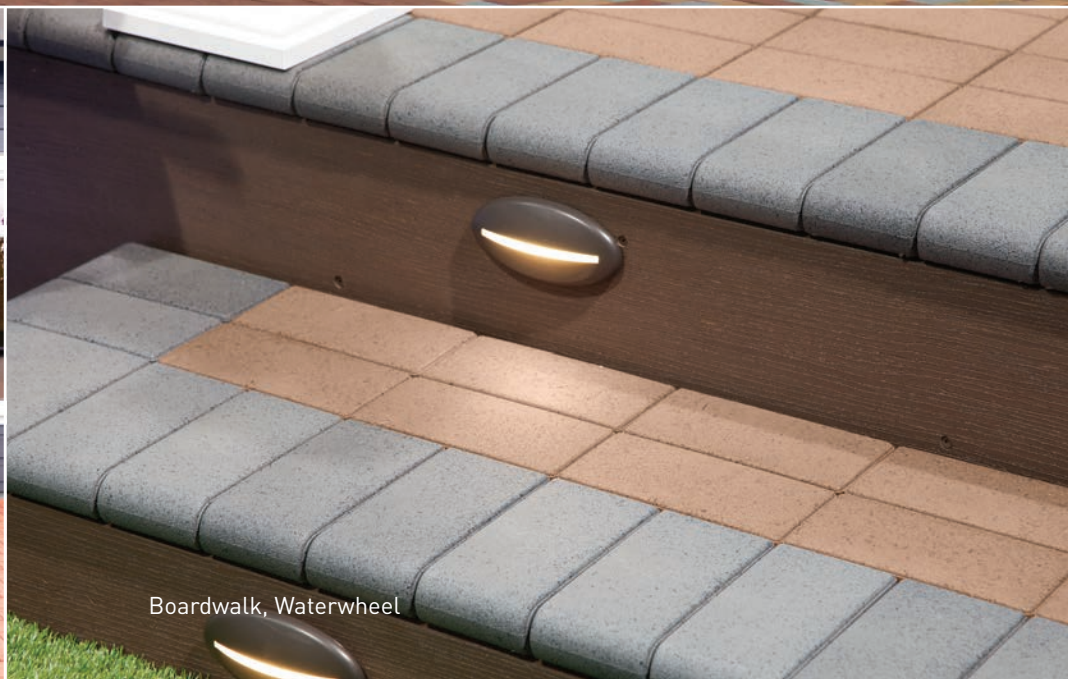
AZEK Porch is protected by Alloy Armour Technology™, a 30-year fade and stain limited warranty, and a limited lifetime warranty. All of this promises a porch you and your neighbors will admire for years.

PAVE THE WAY FOR BEAUTY

*Depending on environmental conditions, AZEK® Pavers colors may appear to change over time as part of the natural weathering process.

Redwood, Boardwalk, Olive, Waterwheel

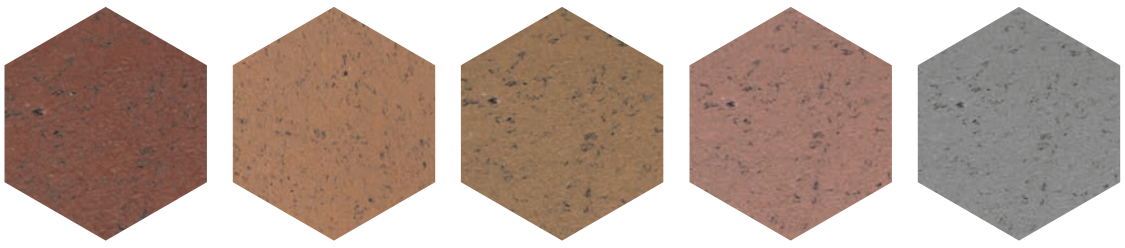
Boardwalk



Boardwalk, Waterwheel

AZEK® Pavers are made of up to 95% post-consumer recycled materials, with the added strength of a composite and a natural appearance that resists scratches and stains. At one-third the weight of concrete, AZEK Pavers patented grid system installs in less than 40% of the time. AZEK Pavers are available in three styles: Standard, Resurfacing, and Permeable.

Install Standard Pavers to create a new patio or driveway. Use Resurfacing Pavers to cover old concrete patios, walkways and refinish rooftop decks. Choose Permeable Pavers to drastically reduce runoff rate and quantity. With the promise of high-quality, AZEK Pavers come with a 10-year limited warranty and a lifetime no crack guarantee in residential applications.



Redwood | Boardwalk | Olive | Village | Waterwheel

For more information on AZEK Paver products, applications, and inspiration, visit www.AZEK.com/pavers.

ADD ELEGANCE WITH RAILING

Choose the perfect rail to match your AZEK® Deck. Beautiful and lasting, each of these unique railing profiles and dramatic infills will complement your outdoor living space. Be inspired by our wide range of options, spanning from classic to contemporary.

Choose your railing profile

Select the rail profile that best complements your home. From the clean lines and striking silhouette of a contemporary profile to an elaborately detailed and robust traditional profile, each of these rail lines makes a statement.

Pavers

PAVERS, REINVENTED

Engineered to resist cracking and staining, AZEK® Pavers provide long lasting good looks and are guaranteed for life not to crack under normal use (residential applications only).

AZEK Pavers use a patented grid system that dramatically reduces installation time and takes the frustration and difficulty out of manually setting and aligning heavy concrete pavers. AZEK Pavers are perfect for projects such as:

- Patios and Walkways
- Commercial Projects
- Flat Roof Applications
- Resurfacing Decks and Patios
- Driveways and Parking Lots
- Storm Water Management

Made from up to 95% post-consumer recycled materials, AZEK Pavers help projects earn LEED certification easier than any other pavement. AZEK Pavers outperform other pavers in LEED contribution, such as concrete pavers with fly ash, by more than 10 times.
